

IMPORTANT SAFETY RECALL NOTICE - September 16, 2016

PRODUCT:	T/C Compass Rifles
DESCRIPTION OF THE HAZARD:	Thompson/Center has identified a condition that may exist in some Compass rifles. We have determined that there may be some instances, depending on the height and position of the rifle and other factors, where a chambered round may fire if the firearm is dropped with the safety in the fire position. Safety is paramount to us, so we are taking this measure to further enhance performance and to meet our customer expectations, with the goal of reducing the chance of an accidental discharge should the rifle be dropped.
DESCRIPTION OF THE PRODUCT INVOLVED:	This recall applies to all Compass rifles manufactured by Thompson/Center prior to September 16, 2016.
REMEDY/ ACTION TO BE TAKEN:	<p>STOP USING YOUR RIFLE.</p> <p>Any unintended discharge of a firearm has the potential to cause injury and we are asking all Compass owners to immediately stop using their rifles until corrective action can be taken. To remedy this condition, your rifle will be inspected and if necessary repaired at no cost to you. Your firearm will be returned as quickly and efficiently as possible. All shipping and repair costs will be covered by Thompson/Center Arms.</p> <p>To facilitate this repair, please contact Thompson/Center at the number below to arrange for the return of your rifle. You will promptly receive a shipping return label with instructions on the return of your rifle. While you are awaiting the shipping instructions, remember that the rifle should always be stored unloaded and with the safety in the SAFE – LOAD/UNLOAD position as shown below:</p>

See the Owner's Manual for complete storage instructions.
